

October 30th, 2008

To Whom It May Concern:

It is with pleasure that I write this letter of recommendation in support of Mrs. Aysem Bray. Aysem has been a teacher at Korea International School in Seoul, South Korea from August 2007 until the present. During this time, she has taught Spanish in the Middle and High school and been involved in numerous activities through the school. I have been her Assistant Principal last year and her principal this year at Korea International School and have formally and informally observed her.

Aysem's teaching assignment has ranged from 7th grade Spanish to Spanish 1 in the high school. She is the middle school's world language department head and is always taken on leadership roles throughout the middle school. Aysem is always willing to learn new teaching techniques and accept challenges like creating the world language program in the middle school. She has engaged the students with new teaching techniques and challenged herself to grow as an educator to match the 21st century students' needs. She has integrated the school's one to one laptop program into her class and presented at school technology workshops within KIS. Aysem is a life long learner in the educational field and is always looking to improve on her classroom management and best practice strategies.

Aysem has energetically volunteered to organize and lead the world language department. Along with this huge commitment, she also helped coordinated the learning 2.0 conference in the middle school. She is always the first one to volunteer for almost anything including numerous clubs; chess and imovie. She has chaperoned many Middle School dances and events like the 7th grade three day-two night trip. Aysem quickly develops an excellent rapport with students and staff.

Aysem is bright, enthusiastic and desires to do the best for students and the school at all times. She is a young teacher with huge potential who gets things done with a positive attitude and positive results. I give Aysem Bray my recommendation for a teaching position. A decision to hire her will benefit the students, faculty and parents of any professional learning community.

Sincerely,

Robin L. Schneider
Korea International School
Middle School Principal
