

Spanish A / Project #1 / Postcards about a Spanish Speaking Country

Due date: September 15

You have just won the grand prize in the Spanish 2 Cultural Sweepstakes. The prize is an all expenses paid trip to South America, Central America or Spain. While you are on your last couple days of your trip, you decided to write Señora Bray two postcards to describe your trip.

Your task is:

To write in English **2 postcards**, either from a Spanish-speaking country in South America, Central America or Spain.

One card's content should focus on the topics from the social list below.

Social:

- _____recreation
- _____clothing
- _____customs and traditions
- _____sports/games
- _____food
- _____family life
- _____art
- _____music
- _____entertainment
- _____religion
- _____celebrations(expecially Halloween/el dia de los muertos)

The **second card's content** should focus on topics from the political list below.

Political:

- _____history
- _____government structure
- _____historical personalities
- _____employment
- _____current events
- _____climate
- _____regions(beaches, mountains, etc.)
- _____sites of interests/places to visit
- _____historical landmarks
- _____exports and imports

Of course, the front of each postcard must have a graphic picture or drawing **of your own creation** that illustrates the content of the written message. In order to write this postcard, you should do lots of research about the country you have picked. *I will not accept pictures retrieved from the Internet so you need to take or draw your own pictures. This is where you will be creative.*

Each postcard should contain 2 sides, one of which has the pictures or drawings, the other side is for the writing. This means you need to submit 4 pages of work. Please ask if this is not clear and I will show you in class.
